The Orb Project

Klaus Heinemann, Miceal Ledwith

The Orb Project Klaus Heinemann, Miceal Ledwith

After literally stumbling into orbs appearing as bright as light bulbs in photographs he was taking at a spiritual retreat, Dr. Klaus Heinemann immediately sensed that he was onto something profound. There was no choice but to convince himself that his notion was on solid grounds. Heinemann looked at thousands of pictures he had taken earlier, and thousands more would be taken to test the hypothesis that these light circles are nothing less than emanations from Spirit beings.

Dr. Míceál Ledwith had a similar experience after the orb phenomenon was first made known to him through the teachings of Ramtha. He began an intense and systematic study of orbs in all sort of situations, day and night, and in all sorts of atmospheric conditions, in order to discover all he could about their nature, the situations in which their presence could be most easily detected, and what implications they might have for our understanding of our own place in the cosmos. To date, he has amassed a collection of well over 100,000 images.

In *The Orb Project*, Ledwith and Heinemann present their fascinating discoveries, along with practical tips that amateur digital photographers can use to photograph orbs and properly distinguish them from "false" orbs that are really dust or water particles. They offer guidelines on deciphering the orbs' various patterns, features, and characteristics, based on their extensive research.

As Dr. Ledwith points out, once you develop a keen and sustained interest in photographing spirit entities, some quite interesting things begin to happen: the brain stops censoring these images, and you can begin to see with orbs with the naked eye -- in more color and detail than is visible to even a digital camera.

Ledwith and Heinemann also explore communication with orbs and what their existence means to our lives. The implications of a realization that we are "surrounded by a cloud of witnesses" are enormous and incredibly hopeful for the world at large.

From reader reviews:

Gustavo Cyr:

Precisely why? Because this The Orb Project is an unordinary book that the inside of the reserve waiting for you to snap it but latter it will surprise you with the secret this inside. Reading this book beside it was fantastic author who also write the book in such amazing way makes the content on the inside easier to understand, entertaining means but still convey the meaning thoroughly. So , it is good for you because of not hesitating having this ever again or you going to regret it. This phenomenal book will give you a lot of advantages than the other book have such as help improving your ability and your critical thinking approach. So , still want to hold up having that book? If I have been you I will go to the reserve store hurriedly.

Homer Simon:

Are you kind of active person, only have 10 or maybe 15 minute in your time to upgrading your mind proficiency or thinking skill actually analytical thinking? Then you are receiving problem with the book when compared with can satisfy your short time to read it because all of this time you only find book that need more time to be learn. The Orb Project can be your answer mainly because it can be read by you actually who have those short spare time problems.

Ann Goddard:

In this period globalization it is important to someone to obtain information. The information will make a professional understand the condition of the world. The condition of the world makes the information much easier to share. You can find a lot of referrals to get information example: internet, newspapers, book, and soon. You can see that now, a lot of publisher in which print many kinds of book. The actual book that recommended for your requirements is The Orb Project this reserve consist a lot of the information with the condition of this world now. That book was represented so why is the world has grown up. The language styles that writer use for explain it is easy to understand. Often the writer made some analysis when he makes this book. That is why this book ideal all of you.

Wilma Tovar:

Within this era which is the greater individual or who has ability in doing something more are more important than other. Do you want to become considered one of it? It is just simple method to have that. What you must do is just spending your time not much but quite enough to get a look at some books. One of several books in the top list in your reading list is The Orb Project. This book that is certainly qualified as The Hungry Slopes can get you closer in getting precious person. By looking right up and review this e-book you can get many advantages.
