El joven homosexual: 176 (Serendipity) (Spanish Edition) José Ignacio Baile Ayensa

Desde hace unos años se observa una progresiva normalización en la consideración de la homosexualidad en muchos países desarrollados. Sin embargo, el desconocimiento de este fenómeno y de sus características es muy grande, lo que provoca que muchas personas solo conozcan del mismo aspectos anecdóticos, tópicos o elaboren prejuicios negativos. En estos contextos de desconocimiento, e incluso de hostilidad, deben desarrollarse aquellos jóvenes que descubren que son homosexuales, y a igual situación se enfrentan sus familias. Este libro quiere ayudar, tanto a los jóvenes como a sus familias, a la superación de esa fase de desarrollo psicosexual en la que el descubrimiento de la homosexualidad puede generar problemas personales y/o familiares si no se afronta adecuadamente. No obstante, también es un texto útil para los profesionales que trabajan con jóvenes (psicólogos, profesores, médicos, trabajadores sociales...), a los que puede proporcionar interesante información práctica así como consejos de actuación para entender y ayudar a un joven homosexual. El presente texto, sencillo, claro y directo, sirve para resolver dudas como las siguientes: ¿qué es la homosexualidad?, ¿cómo se sabe si alguien es homosexual?, ¿es una enfermedad, se cura?, ¿cómo descubre un adolescentes que es homosexual?, ¿por qué etapas pasa?, ¿cómo reacciona una familia ante un hijo homosexual?, ¿cómo puede ayudarle la familia?, ¿qué no debe hacer? También se incluyen varios apartados informativos referidos a tópicos referentes a la homosexualidad, vocabulario específico y una lista de recursos donde conseguir mayor información y apoyo.
