Very shortly after completing the MS. of AD ictionary of Some Theosophical Terms, the author passed somewhat suddenly away from the sphere of physical labour. The manuscript was kindly placed in our hands by his Executrix, but it was not found practicable to issue it at an earlier date. Thanks to a fund recently handed to us for this purpose, we are now able to produce it at a price which will place it within the reach of all students ofT heosophy, and we feel sure that it will be found a most useful and handy book of reference, and will help to supply a long-felt need in the literature of the Theosophical Movement Under the regrettable circumstances of its posthumous appearance, the proof-sheets have not had the advantage of the authors corrections, but they have been very carefully verified with the MS., and it is hoped that but few errors will be noted. In view of the interest which is being shown in the Rosicrudan, or Western, form of theosophy, which is more particularly associated with the name of Dr Rudolf Steiner, it has been thought useful to add a brief appendix giving some of the German terms used by this writer and theE nglish equivalents which have been finally adopted by Mr Gysi, who is responsible for the appearance of Dr Steiner sworks in English. Students will thus be enabled to correlate the human Principles as given by Dr Steiner with the classification adopted in earlier theosophical writings. THE THEOSOPHICAL PUBLISHING SOCIETY. June
