A Handbook of Divorce and Custody: Forensic, Developmental, and Clinical Perspectives

A Handbook of Divorce and Custody: Forensic, Developmental, and Clinical Perspectives

The Handbook of Divorce and Custody brings together mental health professionals and forensic specialists dedicated to working in the legal arena with families in crisis. Section I provides the individual perspectives of experienced clinicians, all of whom share a psychodynamic and developmental purview, and supplements their accounts with the viewpoints of a lawyer and a judge. Section II examines parental psychopathology, which is often at the root of family conflict and turmoil. Section III deals with the nature and extent of the state's potential involvement with the family, from ensuring parents' rights to raise their children to identifying those circumstances that justify the termination of parental rights. The remaining three sections follow the progressive issues engaged by divorcing families as they work their way through the legal system: forensic evaluation, post-divorce legal arrangements, and the emotional aftermath of divorce, including indications for various types of therapeutic intervention.

Through the Handbook, contributors pay special attention to a set of core issues that underlie - and complicate - the evaluations, recommendations, and judicial determinations that enter into the divorce/custody process. Specifically, they focus on the inherent conflict between the family's right to privacy and the state's commitment to the best interest of children; the increasingly uncertain question of what constitutes a family and who has the right to legal standing; the problematic role of fathers in the lives of their children; the nature of the evaluation process and the role of the forensic expert in a "good enough" evaluation; the important differences between the role of therapist and the role of evaluator; and, finally, the impact of divorce itself on the lives of today's children.

Hector Hartung:

Reading a book to be new life style in this calendar year; every people loves to learn a book. When you examine a book you can get a lots of benefit. When you read guides, you can improve your knowledge, due to the fact book has a lot of information into it. The information that you will get depend on what forms of book that you have read. If you would like get information about your examine, you can read education books, but if you want to entertain yourself you are able to a fiction books, this sort of us novel, comics, along with soon. The A Handbook of Divorce and Custody: Forensic, Developmental, and Clinical Perspectives will give you new experience in reading a book.

William Bell:

As a college student exactly feel bored to be able to reading. If their teacher requested them to go to the library or to make summary for some reserve, they are complained. Just minor students that has reading's spirit or real their passion. They just do what the instructor want, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that studying is not important, boring as well as can't see colorful images on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore , this A Handbook of Divorce and Custody: Forensic, Developmental, and Clinical Perspectives can make you sense more interested to read.
