The Magic Castle: A Mother's Harrowing True Story Of Her Adoptive Son's Multiple Personalities-- And The Triumph Of Healing Carole Smith

Alex Smith and his eight personalities were trapped in a world of unfathomable evil...until he entered the "magic castle" and found the key to his freedom.

When Carole Smith and her husband decided to take in a foster child that no one else would have, they knew ten-year-old Alex would be difficult. But nothing had prepared them for the unruly, self-destructive boy who stormed into their lives. Alone with Alex during the day, Carole was baffled by his infantile tantrums and violent, self-hating behaviors. Exasperated, she tried relating to him as the two-year-old he appeared to be, and finally, a door to Alex's mind began to open.

With the help of psychiatrist Dr. Steven Kingsbury, Alex's tormented mind revealed a host of personalities, each born in a horrifying episode of Alex's past-- each carrying a memory too powerful for his conscious mind to handle. As the personalities came forth in the safety of Alex's inner, secret castle, they unleashed stories of abandonment, brainwashing, and sexual abuse by those Alex trusted the most. In *The Magic Castle*, here is a fascinating true story of the human mind; of innocence shattered by inhuman cruelty; and ultimately of love's power to transform fragments into wholeness-- tragedy into triumph.
