The Ascents of James: A Lost Acts of the Apostles Stephen Andrew Missick

The Ascents of James is an ancient account of the life of James the Just, the brother of Jesus, that was composed by the Ebionites, an ancient sect of Jewish Christians, at a time close to the end of the first century. In this ancient Jewish Christian book, James and the Twelve Apostles explain their beliefs in Jesus as the Jewish Messiah and answer questions from their opponents on the steps of the Temple of Jerusalem. The main argument made in The Ascents of James is that Jesus is the Prophet like Moses prophesied in Deuteronomy 18: 15-22. The Ascents of James provides us with a rare perspective into an extinct and very ancient form of Jewish Christianity.
