# Marxist Criticism of the Hebrew Bible: Second Edition

*Roland Boer*

## **Marxist Criticism of the Hebrew Bible: Second Edition** Roland Boer

The only large-scale critical introduction to Western Marxism for biblical criticism. Roland Boer introduces the core concepts of major figures in the tradition, specifically Althusser, Gramsci, Deleuze and Guattari, Eagleton, Lefebvre, Lukács, Adorno, Bloch, Negri, Jameson, and Jameson. Throughout, Boer shows how Marxist criticism is relevant to biblical criticism, in terms of approaches to the Bible and in the use of those approaches in the interpretation of specific texts.

In this second edition, Boer has added chapters on Deleuze and Guattari, and Negri. Each chapter has been carefully revised to make the book more useful on courses, while maintaining challenges and insights for postgraduate students and scholars. Theoretical material has been updated and sharpened in light of subsequent research and a revised conclusion considers the economies of the ancient world in relation to biblical societies.
