Schubert's Poets and the Making of Lieder Susan Youens

Schubert's choice of poets has traditionally come under fire for the preponderance of mediocre talent, and yet many of these writers were highly esteemed in their day. The author has chosen four such poets--Gabriele von Baumberg, Theodor Körner, Johann Mayrhofer, and Ernst Schulze--in order to reexamine their lives, works, and Schubert's music to their verse. All four poets were vivid inhabitants of a vivid era, and their tribulations afford us added insight into the upheavals, the manners and mores, of their day.
