Like cascading dominoes, the intentional departure from believing the Bible is inerrant has plunged the church of the 21st century down the treacherous slippery slope of accommodation and compromise.

Are there clear historical markers that identify this dreadful paradigm shift?

Why have so many evangelicals identified themselves as new evangelicals?

Who was the existentialist person absorbed in mysticism that humanistically masterminded *The Purpose Driven Church* and PEACE plan?

What is the relationship between Fuller Seminary, *The Purpose Driven Church*, and the emergent church movement?

How is the emergent church's push for globalization harmonizing with the new world order in these prophetic last days?

Can the Calvary chapel movement, independent churches, and independent denominations learn any lessons from others' errors and mistakes?

Addressing these questions with riveting case studies, coupled with staggering and sobering documentation, the author unfolds the shocking progression of ideas that were birthed in a nest of aberrant church beliefs.
