The Shining Pyramid Arthur Machen

From the beginning of his literary career, Machen espoused a mystical belief that the humdrum ordinary world hid a more mysterious and strange world beyond. His gothic and decadent works of the 1890s concluded that the lifting of this veil could lead to madness, sex, or death, and usually a combination of all three. Machen's later works became somewhat less obviously full of gothic trappings, but for him investigations into mysteries invariably resulted in life-changing transformation and sacrifice. Machen loved the medieval world view because he felt it combined deep spirituality alongside a rambunctious earthiness.
