Atlas of Advanced Operative Surgery Vijay P. Khatri

Advance your surgical expertise with *Atlas of Advanced Operative Surgery*! This new resource picks up where other surgical references leave off, providing **highly visual, step-by-step guidance on more than 100 advanced and complex procedures** in both general and subspecialty areas.

- **Visualize every procedure** thanks to more than 1,000 illustrations, most in full color - including intraoperative photos, beautifully illustrated color drawings that highlight the relevant anatomy and techniques in specific surgeries, and radiologic images that help you identify variations in anatomy prior to surgery.
- **Grasp each procedure and review key steps quickly** with a consistent, highly focused, bulleted format.
- **See the advantages and disadvantages of variations in technique** with a Pro/Con section written by expert surgeons.
- **Focus on the advanced practice skills** that are of particular value to those poised to begin practice, as well as surgeons who are already in practice.
- **Benefit from the masterful guidance of Dr. Vijay Khatri**, a respected expert and experienced mentor of trainees, junior faculty, and community surgeons.
- **Learn new procedures or refresh your memory on operative details prior to surgery** with an easy-to-follow, step-by-step format: pre-operative preparation, operative technique, position, incision, main dissection, closure, alternative technical approaches (with pros/cons), and post-operative care.

As a college student exactly feel bored to help reading. If their teacher asked them to go to the library or make summary for some e-book, they are complained. Just small students that has reading's soul or real their leisure activity. They just do what the professor want, like asked to go to the library. They go to generally there but nothing reading significantly. Any students feel that studying is not important, boring along with can't see colorful images on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this age, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore , this Atlas of Advanced Operative Surgery can make you sense more interested to read.
