## **Ethnic Conflict and International Intervention: Crisis in Bosnia-Herzegovina, 1990-93: Crisis in Bosnia-Herzegovina, 1990-93** Steven L. Burg, Paul S. Shoup

This book examines the historical, cultural and political dimensions of the crisis in Bosnia and the international efforts to resolve it. It provides a detailed analysis of international proposals to end the fighting, from the Vance-Owen plan to the Dayton Accord, with special attention to the national and international politics that shaped them. It analyzes the motivations and actions of the warring parties, neighbouring states and international actors including the United States, the United Nations, the European powers, and others involved in the war and the diplomacy surrounding it. With guides to sources and documentation, abundant tabular data and over 30 maps, this should be a definitive volume on the most vexing conflict of the post-Soviet period.
