Sheldon S. Wolin

Fugitive Democracy: And Other Essays Sheldon S. Wolin

Sheldon Wolin was one of the most influential and original political thinkers of the past fifty years. *Fugitive Democracy* brings together his most important writings, from classic essays such as “Political Theory as a Vocation,” written amid the Cold War and the conflict in Vietnam, to his late radical essays on American democracy such as “Fugitive Democracy,” in which he offers a controversial reinterpretation of democracy as an episodic phenomenon distinct from the routinized political management that passes for democracy today.

The breathtaking range of Wolin’s scholarship, political commitment, and critical acumen are on full display in this authoritative and accessible collection. He critically engages a diverse range of political theorists, including Thomas Hobbes, Karl Marx, Max Weber, Hannah Arendt, John Rawls, Michel Foucault, and Richard Rorty. These essays grapple with topics such as power, modernization, the sixties, revolutionary politics, and inequality, all the while showcasing Wolin’s enduring commitment to writing civic-minded theoretical commentary on the most pressing political issues of the day. Here, Wolin laments the rise of conservatives who style themselves as revolutionary, criticizes Rawlsian liberals as abstract to the point of being apolitical, diagnoses postmodern theory as a form of acquiescence, and much more.

Fugitive Democracy offers enduring insights into many of today’s most pressing political predicaments, and introduces a whole new generation of readers to this provocative figure in contemporary political thought.
