Reveals the Mayan calendar to be a spiritual device that describes the evolution of human consciousness from ancient times into the future

- Shows the connection between cosmic evolution and actual human history
- Provides a new science of time that explains why time is actually speeding up in the modern world
- Explains how the end of the Mayan calendar is not the end of the world, but a path toward enlightenment

The prophetic Mayan calendar is not keyed to the movement of planetary bodies. Instead, it functions as a metaphysical map of the evolution of consciousness and records how spiritual time flows--providing a new science of time. Author Carl Johan Calleman reveals concrete steps we can take to align ourselves with this growth toward enlightenment.

El profético calendario Maya no está enclavado en el movimiento de los planetas, sino este funciona como un mapa metafísico de la evolución de la consciencia y registra cómo fluye el tiempo espiritual--proveyendo una nueva ciencia del tiempo. El autor Carl Johan Calleman revela los pasos que podemos tomar para alinearnos con este crecimiento hacia la iluminación.
