The Winter Garden H. Peter Loewer, Larry Mellichamp

Winter. A time when colour, beauty, and fragrance disappear. The garden is prepared for protection against the cold and then abandoned. In this book, the authors focus on gardens in the Southeast, meticulously describing the characteristics and vital growth information for each plant. Full-color, detailed photographs exhibit several of the species from beautiful winter gardens in that region. Plants that endure the cold months successfully are categorized according to the features that make them aesthetic winter adornments: texture; pods, fruits, plumes, and berries; blossoms; fragrance; evergreen foliage.
